Hi Paul,

So apparently they should be out no later than Thursday to inspect. Below I asked them what the issue might be with the lights.

"It can be many things. I am hopeful is something as simple as a fuse. My yard is the experts so they will let me know what they find. As for the delay, we have contractors in the area and I believe there was some confusion on whose responsibility it was to check it. That has been worked out and there shouldn't be anymore confusion. Thanks."

Hi Paul,

It's Bureau of Street Lighting... I just emailed the contact again. If he doesn't respond in the next couple of hours, I'll find his number and call. I'm sorry it's taken this long, it really shouldn't have, or we should've at least been given a status update.

Thank you for your patience,

Sahag

Hi Sahag

The lights on Magnolia are still out.

There is a lot of mischief over here at Magnolia tonight because of this. lots of tagging lately.

We need these lights do you know who's responsible for this?
